

## **MUGISHA PACIFIQUE**

### **Contact Information**

- **Email:** [PacifiqueM58@gmail.com](mailto:PacifiqueM58@gmail.com)
  - **Phone:** +250795653123
  - **LinkedIn:** <https://www.linkedin.com/in/mugisha-pacifique-142b0931b/>
  - **GitHub:** <https://github.com/mfique>
- 

### **PROFILE**

**A highly motivated and versatile software developer with expertise in multiple programming languages, frameworks, and tools. Proficient in both frontend and backend development, with additional experience in cross-platform mobile development using Flutter. Skilled at solving complex problems, contributing to open-source projects, and leveraging technology to deliver impactful solutions. Passionate about continuous learning and innovation.**

---

### **EDUCATION**

#### **Rwanda Coding Academy (Present)**

- **Relevant Coursework:** Database, Web3, Data Structures, Software Engineering, Mathematics, Physics, Embedded Systems, Web and Graphical User Interface, Networking, and more.
  - **Technical Skills:** Coding, Designing
-

## **TECHNICAL SKILLS**

- **Languages:** JavaScript, Python, PHP, Java, Dart, HTML, CSS
  - **Frameworks/Libraries:** React, Next.js, Node.js, Django, Flutter, React Native, Spring Boot
  - **Tools/Platforms:** Git, GitHub, REST APIs, Docker
  - **Databases:** MySQL, MongoDB, PostgreSQL
  - **Other Skills:** Microservices, API Development, Unit Testing, Agile Development
- 

## **INTERNSHIPS & LEARNING PROGRAMS**

- **ALX:** Advanced learning in software engineering, AI, and related fields.
  - **Cyberium:** Completed training in Linux Fundamentals, Python Fundamentals, and Introduction to Cybersecurity.
  - **HackerRank:** Participated in coding challenges and learning modules to enhance problem-solving skills.
  - **Additional Programs:** Hands-on experience in software development through various workshops and training initiatives.
- 

## **PROFESSIONAL EXPERIENCE**

### **Open-Source Contributor**

- **Django Project (Open-Source)**

- Fixed bugs related to the ORM system, improving query generation and optimization.
- Developed features for flexible query annotations.
- Enhanced project documentation with tutorials and detailed explanations.

## **Backend Developer**

- **RWAMU CLEANING COMPANY — Rwanda, Kigali City  
(12/05/2023 – 30/05/2023)**
    - Designed and developed the frontend for a project aimed at marketing services to long-distance clients via the internet.
- 

## **PROJECTS**

### **User Management System**

- **Description:** A project for managing user registrations.
- **Technologies:** React, Tailwind CSS, Node.js
- **Role:** Backend Developer
- **Link:** [GitHub - User Management System](#)

### **Vehicle Parking Management System**

- **Description:** A system for managing vehicles in parking areas.
- **Technologies:** HTML, CSS, PHP
- **Role:** Frontend and Backend Developer

- **Link: GitHub - Parking System**

## **Online Library Management System**

- **Description: A system for online library management.**
  - **Technologies: Laravel PHP, HTML, CSS**
  - **Role: Backend Developer**
  - **Link: GitHub - Library System**
- 

## **LANGUAGES**

- **Kinyarwanda: Excellent**
  - **English: Fluent**
  - **French: Better**
  - **Swahili: Good**
- 

## **INTERESTS**

- **Open-source contribution**
  - **Web development**
  - **Mobile development (Flutter, React Native)**
  - **Backend development with Java (Spring Boot, Microservices)**
  - **Machine learning and AI**
  - **UI/UX design**
-

## **HOBBIES**

- **Volleyball (Vice-Captain)**
  - **Basketball and Football**
  - **Reading**
- 

## **CERTIFICATES**

- **Cyberium Certificates**
- **Additional certificates available upon request or on [LinkedIn](#)**
